

CONSTRUCTION INTERN

Over the last 30+ years, GDM Habitat has helped more than 400 individuals and families become homeowners. We need exceptional people who are excited about working in the construction industry to participate in our intern program. Serving through an on-site internship means taking part directly in Habitat for Humanity's initiatives to increase access to affordable housing. Participants will have a chance to create long lasting, positive impact on the lives of neighbors in our communities, as well as gain practical experience in a variety of marketable skill sets.

THE JOB:

Our interns work alongside our construction team as an and gain valuable leadership and construction skills. This could include:

- Installing siding
- Repairing or replacing a roof
- Installing flooring
- Painting
- Learning all aspects of home repair.
- Interested in learning to build a home from the ground up? We do that too. Learn to frame a home, lay foundation, install windows doors etc.

In addition, our interns lead small groups of volunteers, ensuring that they have meaningful tasks and learning about Habitat programs and build processes while on the work sites. Interns must have a willingness to coach and serve alongside volunteers indoors and out, in all kinds of weather conditions.

REQUIRMENTS:

- Currently enrolled in program for Construction Management, Architecture, Industrial Design or a similar field OR graduate of same programs
- Some construction experience preferred, but the ability to learn and work well with others is required
- Willingness and ability to climb ladders and scaffolding for purposes of home repairs, home construction or other neighborhood revitalization activities
- Demonstrated ability to organize, prioritize and pay attention to detail
- Desire to serve with diverse team of staff, volunteers, partner families, and neighborhood residents
- Committed to GDM Habitat's mission, vision, and values
